Christmas Coloring Book

Meet your Christmas helper!

Hi! I am a little chick who loves to color.
I will be with you all through this book.
But I don't have a name yet. Will you give me one?

Dear grown-ups

This book is full of Christmas pictures for children aged 3 to 5. The first pages have one big, simple picture each; later the pictures grow into whole scenes. In between are color by number pages and pages where your child draws something of their own, like baubles on a tree or a pattern on a sweater. One picture a day is a lovely way to count down to Christmas.

Every picture is printed on one side of the page only, with a blank page behind it. This is on purpose: markers can soak through the paper, and this way they never spoil the next picture. Each finished page can also be cut out, hung on the wall or given as a gift.

A few tips

- Let your child choose any page. There is no need to go in order.
- Any color is the right color. A purple Santa hat is just fine!
- Read the title and the line at the top aloud; some pages ask your child to draw too.
- Using markers? Slip a sheet of paper behind the page.
- Praise the effort, not only the result.

Merry Christmas and happy coloring!

Love, your little Christmas helper

What your child learns

- **Hand skills**
  Coloring and drawing strengthen the small hand muscles needed to hold a pencil and write.
- **Colors**
  Choosing colors and naming them makes colors familiar. Ask which color your child picked!
- **Numbers**
  Color by number pages pair each number with a color, so numbers become friends.
- **Imagination**
  On the drawing pages your child decorates a tree, fills a sweater with patterns and draws presents of their own.
- **Patience**
  Finishing a whole picture takes time and care, one small part after another.
- **New words**
  Stockings, mittens, baubles, wreaths and lanterns grow your child's vocabulary. Talk about the pictures together!
- **Confidence**
  A finished picture to show and the certificate at the end show your child what they can do.
